## HERE IS YOUR ANSWER

TO BORROW a phrase from the Philadelphia Bulletin, "a thunder-clap of apathy" met our appeal in last month's issue of the Axone.

We tried to point out some of the ways in which the Student body and certain organizations on the Campus might insure the continuance of the school paper.

We tried to predict in an earlier issue the way in which our history might repeat itself. It looks as though that is ripe to happen in the near future. Remember when we quoted from a 1926 issue that "we are on the way out"?

Students continue to ask us when other issues of the Axone will appear. Strange as it may seem, some few Faculty members and Alumni ask the same question.

It seems most strange that so many are interested until the moment comes to do more than make a demand. Who is willing to make an effort? Obviously no one!

We are committed to our advertisers in the matter of a certain number of copies in this school year. We will keep up our end of the agreement in this fashion: A printers edition of the Axone will not appear again until finances are guaranteed. We will finish out the copies for Spring in this format - with or without the help of students or faculty or alumni

Here is your answer. Ours too. We hope that it pleases you. It does not encourage the few who tried so hard to stimulate your apathetic colleagues.

But - we like to try.

## O. R. P. NURSES' NEWS by Miss McKay

THERE was a good showing at the Alumnae meeting on Tuesday, March 2. As one of those "added attractions" we have been talking about, Doctor Julian Mines gave an interesting discourse on Caudal Analgesia. A technicolor movie was shown on Caudal as demonstrated by its originator, Doctor Edward Hengeon.

Doctor Leo Wagner displayed his magic act at last month's meeting. So you see it's worth your while to make the effort

Nurses of the last graduating class have all successfully passed their registration examinations with the Penna State Board. We welcome you wholeheartedly to our Alumnae. Good luck!

Via a York, Penna. newspaper----Girl Scouts of Troop 22 made and presented an afghan to Miss Rita Miller, supervisor on days, for the Children's Ward of West Side Osteopathic Hospital of York, Pennsylvania.

Our Banquet date is getting closer--- April 7th--- This will be a last opportunity to remind you. Let's make it a big success! The place will be McAllisters, 1811 Spring Garden Street. So -- you new graduates: IT'S A DATE!

# FRATERNITIES

**STUDENT COUNCIL.** Plans are being made to go into partnership with the Nurses of O. H.P. in a Benefit dance or variety show in the very near future. The financial condition of the Council makes it imperative that steps be taken in this direction. Suggestions are welcome from either or another of the groups in the institution. At an early meeting the problem will be discussed of continuing publication of the Axone during the next school years. All students are invited to attend these meetings on the second Thursday of the month, in the College.

**ATLAS CLUB.** At a special meeting of the Styloid Chapter, at the Penn-Sheraton, on February 27, the following Freshmen were initiated and inducted into the Brotherhood: James L. Bernheisel, Edward Patenaude, Lawson F. Palmar, Martin J. Raber, John A. Fidler, Vernon C. Buckley, Victor M. Bove, Henry D'Alonzo, Thomas E. Kirton, and William Post. Other Pledges will be processed at a future date. Plans for a Spring function for members and their families and friends schedule May 15 as tentative date. Members are reminded of the suite which will be open for their convenience, April 3 and 4, Penna. Hotel, in New York City, at the Eastern Osteopathic Association Convention.

**SOPHOMORE CLASS** has suffered loss through absence of several members lately. Since Ray Klevansky fractured his zygoma, Marvin Bookbinder broke his leg, Henry J. Rzonca over-indulged in gymnastics - spent a few weeks in O.H.P., Robert Young had his mandible operated; others were laid low by LaGrippe. Who's looking for that "Acres Of Diamonds" Doctor Conwell used to talk about? They've nearly all recovered now

EACH AND EVERY organization on the Campus was notified in writing of the deadline - of this and earlier issues. We can't do printin' if you don't do some writin' That seems fair, doesn't it? Or what does????
